What are solar powered garden lights?

Solar powered garden lights are the glow-up your outdoor space deserves. They are cordless, stress-free, and powered by the sun. Whether you're dressing up your walkway, highlighting your favorite plants, or just want your patio to feel cozy, solar lights make it happen with style and zero impact on your energy bill.

Are outdoor solar lights a good idea?

By carefully mapping out your space, outdoor solar lights can make your yard or garden feel as comfortable as your indoor living areas. When surveying your exterior's square-footage, note any pathways that may benefit from better lighting. "Solar lights for lining walkways or driveways are fabulous for design and utility," Agárdy says.

How do I choose the Best Lighting for my yard?

Before choosing just any one for your yard, start by asking yourself how much brightness you need and if the light needs to be direct or spread out. Solar pathway lights guide you when walking at night, while mounted spotlights may have security monitors or be intended to highlight landscape features.

Are solar lights right for your yard?

With these needs in mind, solar lights may be your best bet. "When it comes to yard-scapes, solar-powered lighting is ideal because I can achieve a beautifully-lit ambiance but with a lot less hassle," says designer Galey Alix of Galey Alix Design.
