# North American Industrial Inverter Manufacturers

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 70 Inverter manufacturers are listed below. List of Inverter manufacturers. A complete list of component companies involved in Inverter production.

Who makes the best solar inverter?

Known for their durable and reliable inverters made in the USA, OutBack Power is a premier choice for off-grid and battery-based solar systems. The company is based in Arlington, Washington and has been delivering advanced power solutions since 2001.

Who makes magnum power inverters?

A subsidiary of Sensata Technologies, Magnum Energy is a leading manufacturer of power inverters and inverter/chargers in the USA. Based in Everett, Washington, their products are known for their high-quality, reliability, and versatility.

Who makes HiQ solar inverters?

Santa Clara-based HiQ Solar innovates with high-efficiency, true three-phase solar inverters for commercial and industrial applications. As a reputable source of solar inverters made in the USA, HiQ Solar emphasizes quality, durability, and performance in its product line.

71 Power Inverter Manufacturers in 2025 This section provides an overview for power inverters as well as their applications and principles. Also, please take a look at the list of 71 power inverter ...

The United States is a powerhouse in the solar energy industry, boasting a vibrant ecosystem of manufacturers that design and produce ...

This is a current list of U.S. solar inverter manufacturing locations. This data was collected by Solar Power World editors and will be continually updated as facilities are started. ...

Manufacturer of true sine wave, DC to AC power, and power management inverters. Suitable for OEM and aftermarket marine, industrial power, and automotive ...

EPC Power is an American inverter manufacturer delivering robust power conversion systems for utility scale, commercial and ...

The United States is a powerhouse in the solar energy industry, boasting a vibrant ecosystem of manufacturers that design and produce cutting-edge solar inverters. These ...

Business type: Manufacturer of Power Conversion Devices Product types: SMA manufactures, distributes and services the Sunny Boy family of utility interactive inverters for photovoltaic ...

Explore the top 10 US-influenced microinverter brands, from Enphase to HIITIO, offering

---

cutting-edge MLPE and solar inverter ...

EPC Power is an American inverter manufacturer delivering robust power conversion systems for utility scale, commercial and industrial applications for any environment.

Solar Inverter Manufacturers from United States Companies involved in Inverter production, a key component of solar systems. 71 Inverter manufacturers are listed below.

By 2023, around 800,000 homes will install solar panels on their roofs, which has encouraged the development of inverter manufacturers. The article below contains the top 10 ...

Explore the top 10 US-influenced microinverter brands, from Enphase to HIITIO, offering cutting-edge MLPE and solar inverter technologies.

CPS America is a prominent manufacturer of 3-phase string inverters tailored for commercial, industrial, and utility-scale solar projects. With a significant installed capacity and a strong ...

This is a current list of U.S. solar inverter manufacturing locations. This data was collected by Solar Power World editors and will ...
