# Valletta home energy storage power supply manufacturer

What is a Varta energy storage system?

The basic idea of an energy storage system is the ideal management of the differences between the generation of electricity and the actual consumption. With a VARTA energy storage system, you can temporarily store the energy you have produced yourself and use it when you actually need it.

Who is VARTA AG?

VARTA AG produces and markets a comprehensive battery portfolio from micro batteries, household batteries, energy storage systems to customer-specific battery solutions for a variety of applications and, as a technology leader, sets industry standards in important areas.

How many employees does VARTA AG have?

The VARTA AG Group currently employs almost 4,800 people. With five production and manufacturing facilities in Europe and Asia as well as sales centers in Asia, Europe and the USA, the operating subsidiaries of VARTA AG are currently active in over 75 countries around the world. Any questions? regarding our energy storage systems! +49 9081 240 86 0
