## Wholesale 1500 power inverter in Vancouver

Who is Jupiter's inverters?

Jupiter's Inverters is a leading manufacturer of premium power inverters and converters since 2001. Owned and operated out of Vancouver, Canada, our experienced engineering teams design robust power inverter solutions to meet recreational, industrial and commercial DC-AC conversion needs for off-grid applications worldwide.

What makes Jupiter's a great inverter?

Over 20+ years, Jupiter's has continued pushing inverter technologies forward to offer expanded capacity, durability and ease-of-use. Today our diverse product portfolio features advanced true and modified sine wave models up to 4000W, with modular scalability.

Where are Jupiter's power converters made?

From R&D to final assembly, over 95% of Jupiter's power converters are manufactured at our highly automated facility near Vancouver, Canada. This direct control over quality, costs and lead times enables excellent value for customers. I own a small smartphone repair shop in the city center.

Is the Nebula 1000 a good inverter?

After lots of research, we took a chance on the mid-range Nebula 1000 inverter based on positive reviews about the pure sine wave and smart Eco charging features. Connecting it was simple with the color coded wiring and clear manual. What a difference - no more buzzing lights or glitchy electronics!
